

Autonordic 801

Datablad / Data Sheet / Technische Daten

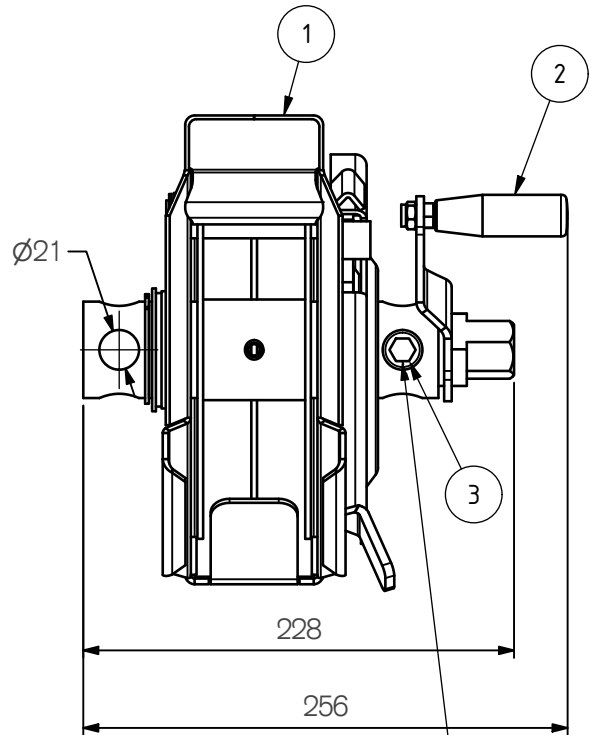

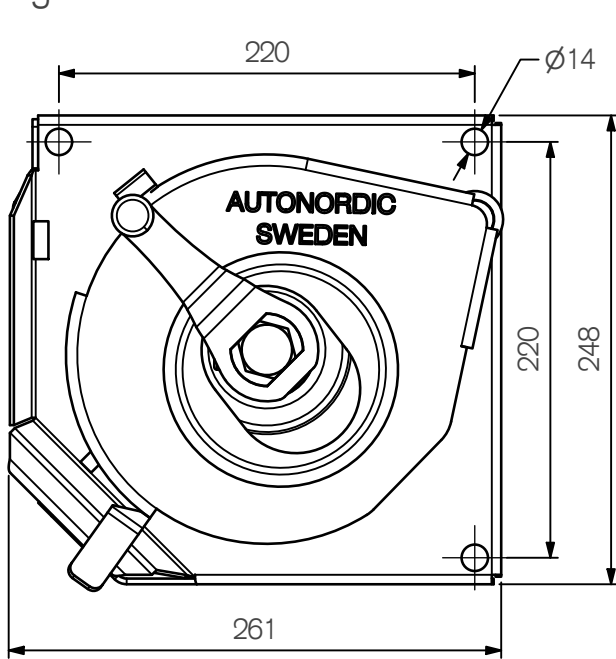

Art.nr 780100

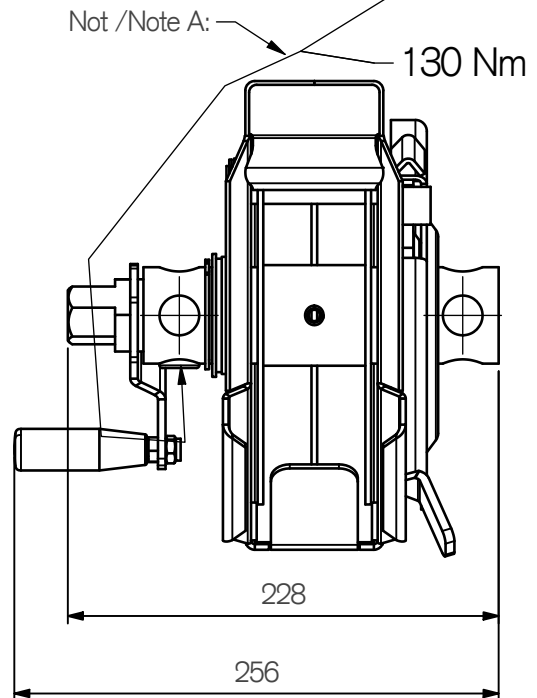

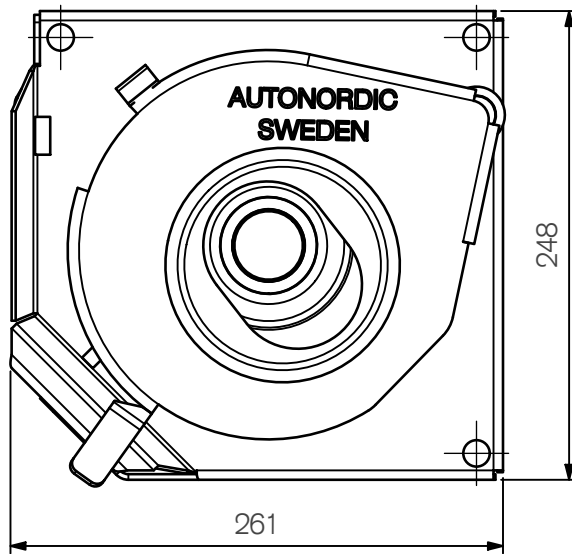

780100 A

ExTe

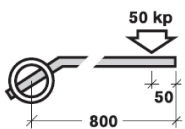

Securing cargo. We invented the concept.

Not A: Gänglåsning medelstark vid montering på spännare
 Note A: Thread locking medium strength when mounting the tensioner

Spannkraft:

| Bandlänge Meter | Spannkraft kp |
|--------------------|------------------|
| 6 | ca 625 |
| 7 | ca 680 |
| 8 | ca 800 |
| 9 | ca 985 |

Tabellenwerte ohne Reibungsverluste

Vikt / Weight / Gewicht: 10,0 kg

Zum Erreichen der optimalen Spannkraft empfehlen wir die original
 Autonordic Spannstanze und Ratsche zu verwenden.

| Pos. | Qty. | Part.No. | Benämning | Description | Bezeichnung |
